

InfoTrac OneFile™

A MEGA FILE OF PERIODICALS TO MEET ALL OF YOUR USERS' NEEDS

InfoTrac OneFile™ is a single electronic resource that provides instant access to an unprecedented number of periodicals. Users rely on *InfoTrac OneFile* for instant access to periodical and news content and indexing from a variety of mainstream and specialized sources — from The New York Times to refereed academic journals.

30-MILLION DATABASE RECORDS AND MORE THAN 8,500 TITLES!

For researchers at all levels, periodical and news information is now available in one user-friendly electronic resource. *InfoTrac OneFile* includes more than 4,900 full-text titles; five newspaper indexes — a total of nearly 8,500 titles in all — with more than 20 years of backfile coverage from 1980 to present; Thomson Gale™ support and training; and much more. *InfoTrac OneFile* puts approximately 30-million database records at your users' fingertips with a single search query.

InfoTrac OneFile includes:

- Newswires — 89 wire services covering agriculture, general news, broadcast news, government, business press releases, industry topics, sports and current events from all over the world
- Newspapers — The full indexing of The New York Times, The Wall Street Journal, The Washington Post, Los Angeles Times and Christian Science Monitor
- Periodicals — General interest magazines; refereed academic journals; business publications; technology periodicals; plus specialty titles in law, health care and computers

MORE THAN 20 YEARS OF COVERAGE

The past 24 years have presented astounding advancements and discoveries — especially in fields such as communications, engineering, health care, science and technology. No other source provides the depth of extensive coverage that *InfoTrac OneFile* does. Its impressive backfile is unique in its ability to meet the needs of researchers in a variety of situations.

MEGA CONTENT AND MEGA CONVENIENCE

InfoTrac OneFile features “mega” news and periodical content. That means your users can access 8,500 titles, from general interest magazines, academic journals, business and technology publications, law journals, health care periodicals, newspapers and newswire services.

ALTAMONTE SPRINGS, Fla. _ The time is Martha minus one hour and counting and Elizabeth Wimberley Bernbaum is beyond giddy.

"I am about to burst," she declares breathlessly. "My skin cannot contain me!"

Bernbaum is eighth in line in front of 300 other **Martha Stewart** fans who

ONE INTUITIVE INTERFACE

InfoTrac OneFile features a fully updated, intuitive interface — providing multiple pathways to key information. Its browser style format enables users to browse the latest news, review a set of subject areas, review and select a particular resource, or search across the entire database. With its time-tested *InfoTrac*® search functionality, this essential resource is versatile and easy to use.

INFOTRAC® WEB DELIVERS IT ALL — SEAMLESS SEARCHING AND OPTIMAL RESULTS

Intuitive, flexible and powerful, the *InfoTrac* interface makes *InfoTrac OneFile* a truly self-service database for your users. It features:

- Four search modes, including Advanced Search, that help users quickly pinpoint exactly what they need to get answers to their questions
- Easy linking between periodicals, newspaper articles and newswires
- Superior indexing and a vast controlled vocabulary to aid searchers in locating relevant information without the aggravation of hunting for one exact term
- Many “See” and “See Also” cross-references guide patrons to similar and related information
- Customizable search options
- *InfoTrac InfoMarks*® allows users to bookmark, copy and paste persistent URLs into files or Web pages where they can save, reuse and share search results
- MARC 856 — direct access from your OPAC using our *InfoMark* technology
- Links to holdings allows patrons to search library holdings from *InfoTrac Web*
- Open URL

ACCESS TO INGENTA SCHOLARLY E-JOURNALS

Through a unique partnership between Gale and Ingenta, *InfoTrac Web* provides seamless access to electronic journals in a familiar, easy-to-use interface. The integrated collection allows searching and access to articles from more than 4,700 scholarly journals, based on the institution's subscriptions. Access to Ingenta content is free of charge to customers of *Expanded Academic ASAP*™ and *InfoTrac OneFile*.
