

La Paz, Bolivia
Albuquerque, New Mexico,

December 16, 2003

Dear participants of the XIII ISTECE General Assembly.

The **Universidad de Aquino Bolivia - UDABOL** and the **Ibero-American Science and Technology Education Consortium (ISTEC)** wish to express their deepest gratitude for your participation in the "IT Challenge" and ISTECE General Assembly events held December 1-5 during the framework of the **XIII ISTECE General Assembly**.

Your support and attendance make this type of high level national and international event possible. For Bolivia and the region, the week's events provided a space for highly recognized Ibero-American representatives in the field of technology, business, and politics with an opportunity to meet and discuss solutions and strategies for economic, cultural and social development.

We hope to have the opportunity to collaborate once again in future challenges,

*Ronanth Zavaleta Mercado, Ph .D., P. E.
Profesor Emérito
Rector Universidad de Aquino-Bolivia*

*Mauro Miskulin
Presidente
ISTEC*
